[Experience the Benefits of CSU](#)

Quality Service

Beginning with your initial contact, you'll find that our quality service is second to none. Faculty and staff are dedicated to the principle that it is only through your success that we succeed. We are readily available to assist you with information from the application process to graduation requirements.

Begin Courses at Anytime

Begin courses at anytime and study when it best fits your schedule. At CSU, there are no predetermined semester or session dates to contend with.

Self-Paced Programs

With CSU, you can set your own pace for completing your degree program with our per-course enrollment system. Students are allowed 10 weeks to complete each course, but may finish a course in as little as three weeks depending on how quickly you complete the coursework. Following the required Student Orientation course, you are also given the option to complete one course at a time or two courses simultaneously.

No Residency Requirements

Forget the days of scheduled online sessions and on-site test taking! At CSU, residency is not a requirement and coursework can be completed at times that are most convenient for you. Faculty and staff offer flexible individualized

instruction designed to provide each student with the guidance and support necessary for successful course completion.

Flexible Course Structure

All CSU courses are offered completely online and combine the very best of online delivery and traditional university textbooks. Each course includes a course syllabus, assignments and open book exams.

Classroom of One

Once you enroll, you will be assigned a student services representative who will offer you personal guidance and advice throughout your degree program. Course specific faculty members are also assigned at the beginning of each course to provide you with the academic support you need to successfully complete your degree.

Affordable Tuition

When comparing quality and cost, CSU is your best option. Our tuition is competitively priced to make achieving a quality education affordable and realistic for the average person. Federal Financial Aid (FFA) and military educational benefits are also available for eligible participants.

Accreditation and Recognition

CSU is an accredited member of the Distance Education and Training Council (DETC). The accrediting commission of the DETC is listed by the U.S. Department of Education as a nationally recognized accrediting agency and is a recognized member of the Council for Higher Education Accreditation (CHEA). CSU is also licensed by the Department of Postsecondary Education, State of Alabama.

New Product: Bachelor of Science in Organizational Leadership

Maximize your potential to influence positive organizational change with a Bachelor of Science in Organizational Leadership from Columbia Southern University. Topics covered include organizational behavior; business ethics; team building; creative thinking; organizational psychology; negotiation/conflict resolution; business policy and strategy; and more. Students of this program will acquire the fundamental leadership concepts applicable in profit, not-for-profit, service, or manufacturing environments. Career opportunities for students completing this program may include supervisory or leadership roles in human resources, operations, corporate training, career planning, corporate marketing, and business consulting. The rapidly changing organizational environments of today make the skills developed in this program essential assets for graduates and the organizations they serve. According to the U.S. Bureau of Labor Statistics Occupational Outlook Handbook, positions in professional and business services will grow by 23.3 percent through 2016.

Excellence made to order.

R-O-M Roll-up doors allow quicker access to equipment. Only manufacturer offering - Patented power doors & locks - Patented door-ajar switch - Perfect-match wet-paint. R-O-M also sells Hose Bed Covers, Cargo Trays, LED Compartment Lighting, and DuroLumen Interior LED.

Booth # 2519

Since 1947 R-O-M Corporation specializes in engineering, manufacturing and distributing custom products to meet exact customer specifications and is a recognized innovator in the fire service industry. R-O-M manufactures quality products such as, Roll-up Shutter doors; Horizontal Shutters, Hose Bed Covers, Extreme Cargo Trays, LED Compartment Lighting and DuroLumen Interior LED Lighting.

New Product: Extreme Cargo Tray Series

When you spec an emergency vehicle, you call on R.O.M as your single-source compartment access solution provider. From industry-leading R.O.M Roll-Up Doors to LED Lighting, Hose Bed Covers to Perfect Match Wet Paint, R.O.M leads the way.

Our latest innovation is the R.O.M Extreme Cargo Tray Series. Working closely with engineers from leading emergency vehicle OEMs, our world-class engineering team has custom-designed a tray to meet the exact needs of the fire service.

A pull handle the full width of the tray ensures rapid access to stored equipment. A durable aluminum construction with corrosion-resistant, zinc-plated hardware is built to meet tough environments. And the R.O.M Extreme Cargo Tray is lighter than competing systems, allowing you to

store more equipment or achieve fuel savings.

- Efficient Access: Unique Design and Construction: Provides quick and efficient access to stored equipment.
- Full-width Handle: Handle along the entire width of the tray ensures single-handed access.
- Smooth Operation: Non-binding tray includes heavy-duty, v-groove, stainless steel sealed bearings. Rugged Construction
- High Quality Materials: Built for longevity from heavy-duty 6061-T6 aluminum alloy and corrosion-resistant, zinc-plated hardware.
- Light Weight: Weighs less than competing trays, offering fuel savings or additional equipment storage.
- Minimal Maintenance: Simply keep the track clean and lubricated for life-of-the-truck longevity. Easy Installation
- Mounting Options: External and internal mounting foot options that allow multiple mounting solutions.
- New or Retrofit: Accommodates roll-up or swing doors in all installations.

Models offered:

- 100% Straight Pullout Model
- 70% Straight Pullout Model
- 70% Dual Directional Model
- 90% Tilt Model
